 - other conditions (section 9)
 - how to submit an application (section 10)
- the [Online Manual](#) outlines the procedures to register and submit applications online via the EU Funding & Tenders Portal ('Portal').

1. Background

The EDCTP Prizes 2026-2027 are recognition prizes funded under Horizon Europe.

Prizes are financial contributions given as rewards following the publication of a contest. A 'recognition prize' is used to recognise past achievements and outstanding work after it has been performed, whereas an 'inducement prize' is used to spur investment in a given direction, by specifying a target prior to the performance of the work.

Applications will have to clearly state the involvement of the applicants in the research and innovation activities within the remit of the Global Health EDCTP3 programme. Applicants will have to provide proof of eligibility and a written presentation of the achievements, which will be presented to an independent panel of experts for evaluation.

The amounts of the prizes are specified in section 3. They are not linked to the costs incurred by the winner.

2. EDCTP3 Prizes 2026-2027 and related award criteria

The prizes will be awarded to the entry that, in the opinion of the independent expert jury, demonstrates having best addressed the cumulative criteria specified under the respective descriptions below.

10. How to submit an application

All applications must be submitted directly online via the Funding & Tenders Portal Electronic Submission System. Paper applications are NOT accepted.

You can access the Portal [here](#).

Submission is a **2-step** process:

1) Create a user account and register yourself

To use the Submission System (the only way to apply), all participants need to [create an EULogin user account](#).

Once you have an EULogin account, you can [register yourself](#) in the Participant Register. When your registration is finalised, you will receive a 9-digit participant identification code (PIC).

2) Submit the application

Access the Electronic Submission System via the Topic page in the [Search Funding & Tenders](#) section.

Submit your application in 3 parts, as follows:

- Part A includes administrative information about the applicant. Fill it in directly online
- Part B (description of the action) covers the technical content of the application. Download the mandatory word template from the Submission System, fill it in and upload it as a PDF file
- Annexes (if any; *see section 5*). Upload them as PDF files (single or multiple depending on the slots). Excel upload is sometimes possible, depending on the file type.

The application must keep to the **page limits** (*see section 5*); excess pages will be disregarded.

Documents must be uploaded to the **right category** in the Submission System otherwise the application may be considered incomplete and thus inadmissible.

The application must be submitted **before the contest deadline** (*see section 4*). After this deadline, the system is closed and applications can no longer be submitted.

Once the application is submitted, you will receive a **confirmation e-mail** (with date and time of your application). If you do not receive this confirmation e-mail, it means your application has NOT been submitted. If you believe this is due to a fault in the Submission System, you should immediately file a complaint via the [IT Helpdesk webform](#), explaining the circumstances and attaching a copy of the application (and, if possible, screenshots to show what happened).

Details on processes and procedures are described in the [Online Manual](#). The Online Manual also contains the links to FAQs and detailed instructions regarding the Portal Electronic Exchange System.

Please indicate clearly the reference of the call and topic to which your question relates (see *cover page*).

12. Important

IMPORTANT

- **Don't wait until the end** — Complete your application sufficiently in advance of the deadline to avoid any last minute **technical problems**. Problems due to last minute submissions (*e.g. congestion, etc.*) will be entirely at your risk. Call deadlines can NOT be extended.
- **Consult** the Portal Topic page regularly. We will use it to publish updates and additional information on the call (call updates).
- **Funding & Tenders Portal Electronic Exchange System** — By submitting the application, all applicants **accept** to use the electronic exchange system in accordance with the [Portal Terms & Conditions](#).
- **Registration** — Before submitting the application, all applicants must be registered in the [Participant Register](#). The participant identification code (PIC) (one per applicant) is mandatory for the Application Form.
- **Joint applications** — Joint applications by a group of applicants are admitted for the Outstanding Research Team Prize. In this case, you must appoint a lead applicant (coordinator) to submit the application and represent you towards the awarding authority. All applicants will be jointly responsible and must all fulfil and respect the conditions set out in these Rules of Contest.
- **No double funding** — There is a strict prohibition of double funding from the EU budget. Applications that have already received an EU prize cannot receive a second prize for the same activities.
- **Resubmission** — Applications may be changed and re-submitted until the deadline for submission. For first past the post prizes with cut-off dates, applications can be changed and re-submitted until the cut-off date; the re-submission may however let you use your position as first in place.
- **Rejection** — By submitting the application, all applicants accept the contest conditions set out in these Rules of Contest (and the documents they refer to). Applications that do not comply with all the conditions will be **rejected**. This applies also to applicants: All applicants need to fulfil the criteria; if any of them does not, they must be replaced or the entire application will be rejected.
- **Cancellation** — The awarding authority may cancel the contest or decide not to award the prize — without any obligation to compensate participants (*e.g. no applications, jury cannot determine winner, winner is not eligible or must be excluded, objectives have already been achieved, etc*). In this case, you will be informed via a contest update.
- **Language** — You may submit your application in any official EU language. However, for reasons of efficiency, we strongly advise you to use English. If you need the call documentation in another official EU language, please submit a request within 10 days after call publication (for the contact information, *see section 12*).

- **Transparency** — In accordance with Article 38 of the [EU Financial Regulation](#), information about EU prizes awarded and the winners (name, address and amount awarded) is published each year on the [Europa website](#).

The publication can exceptionally be waived (on reasoned and duly substantiated request), if there is a risk that the disclosure could jeopardise your rights and freedoms under the EU Charter of Fundamental Rights or harm your commercial interests.
